

FOR IMMEDIATE RELEASE

Veteran's Passport to Hope Hosts 6th Annual Gala

All Funds Raised to Help Local Veterans Receive the Best Care Possible

DENVER, CO, January 10, 2018 – Veteran's Passport to Hope (VP2H), a non-profit organization that's dedicated to helping veterans throughout Colorado, will host its 6th annual Gala on February 22, 2018 to raise funds for grants given to area organizations that support veterans.

The Gala will be held at The Cable Center at 2000 Buchtel Blvd S, Denver CO 80210. Festivities include a variety of appetizers provided by Sailor Jerry's and Breckenridge Brewery and the opportunity to participate in a live and silent auction with the chance to win a new Infiniti courtesy of Infiniti of Denver.

"There has never been a more important time to support our veterans" said Tony Drees, Executive Director of VP2H. "The Gala is an exciting event that brings people together in our community who genuinely want to make a difference in the lives of our local veterans."

Since its launch in 2012, VP2H has helped almost 11,000 veterans through fundraising events. VP2H supporters, including Gala sponsor EKS&H and Gala participants, make funding grants to support veterans possible through their generous donations. This past year, grant money was provided to support the valuable work of organizations like Eagle's Nest Ranch, VFW Post 1, and Freedom Service Dogs.

Veteran's Passport to Hope has three missions: To raise awareness about the issues today's veterans are going through; to support Colorado based veteran friendly non-profits; and to bring Colorado veteran friendly non-profits together in order to be less competitive, and to more effectively and efficiently help veterans.

For more information about the 2018 Gala, visit www.veteranspassport2hope.org or contact Tony Drees as (720) 276-0186.

###

About Veteran's Passport to Hope (VP2H):

Veteran's Passport to Hope (VP2H) was founded in 2012 by Shane Schmutz, an Army veteran who recognized the need for coordinated support for veterans' needs in Colorado. Today, VP2H is led by Executive Director Tony Drees and Board President Dave Fingers, with sights set on growing the organization to serve many areas beyond our state's border. To learn more, please visit www.veteranspassport2hope.org.
